After Builders Cleaning Checklist

If you have just had a renovation, extension or alteration at your residence recently, you must be aware of the mess that the can builders' leave behind. Clearing off their wastes and spills can be quite a task in itself.

Often people ask for professional help for after builder cleaning but you can do it yourself with a little help from the family and a good cleaning checklist.

Here is a checklist that can help you in the process. You can add and alter it as per your need.

Remember to always use appropriate PPE when cleaning!

LIVING ROOMS/ DINING ROOM/ STUDY

- Dust and clean all the external fittings, fixtures and decors thoroughly.
- Clear the floor space, clean the carpets and vacuum the skirting boards behind the furniture.
- Clean the floor with a proper cleaning agent
