

## Bathroom Cleaning Checklist

A clean and sparkling bathroom reflects the health and sanitary concern of the entire household. Maintaining a clean bathroom also adds to the value of your property and will reduce the cost of replacement and repair of sanitary equipment, plumbing materials as well as tiles and paints with time.

Here are checklists to help you in bathroom cleaning. You can use them or alter according to your requirements.

Remember to always use appropriate PPE when cleaning!

### DAILY BATHROOM CLEANING CHECKLIST

- Pick the dirty clothes and towels off the bathroom floor, store for laundry
- Remove the bath mats and hang them to dry
- Wipe the mirrors of the vanity and washbasin
- Spray shower cleaner in the shower area
- Scrub the bath tub to remove soap scum
- Rinse the soap dispenser and tray from drips and residue
- Spray the toilets with a toilet cleaner and flush
- Sweep or vacuum the floor
- Empty trash and replace liner

### WEEKLY BATHROOM CLEANING CHECKLIST
